If Client (as defined in the Relationship Agreement) is updating the equity strategy for this pre-existing account or if this is a new account that is being funded from existing Churchill managed account(s) under this same agreement, please note that there may be a period of time in which the account cannot be traded, leaving the account temporarily exposed to market risk. Management will use its sole discretion as to the timing of converting a pre-existing account into another equity strategy. Management may choose to delay the sale of certain investments due to tax or investment reasons while the remaining portion of the account is converted well in advance. Client authorizes Management to liquidate all assets at its discretion, regardless of any tax ramification or otherwise.

RESTRICTIONS & SPECIAL INSTRUCTIONS (OPTIONAL)

Please list any additional information Management should know about Client(s) situation or special instructions. This includes anything that might affect how Management manages Client(s) Account(s) (such as tax situation or cost basis on individual securities). If Client(s) are restricting the sell of an asset, please specify the symbol or cusip, number of shares of the restricted asset and if a dividend reinvestment instruction is to remain. The addition or absence of information in this section amends all previous instructions for this account. (Please read "Investment Guidelines" in your Relationship Agreement.)
